

LOANER UNIT PROGRAM

Effective immediately we can offer a loaner blender while a customer's unit is in for warranty repair, if the repair is expected to take more than 10 business days. Loaners are the Model B200 only. Ask a lead to release one from the loaner pool.

The customer returns the loaner in the same box their repaired unit arrives in. If the loaner is not returned within 14 days of their repaired unit being delivered, charge the card on file \$89.

Loaners are not offered for mixers, toasters or kettles. Loaners are not offered outside the United States.

Questions: Customer Care leads channel.
